
Agent Based Service Oriented Computing

semantic agent-based service middleware and ... - mdpi - sensors article semantic agent-based service middleware and simulation for smart cities ming liu 1, yang xu 1,* , haixiao hu 1 and abdul-wahid mohammed 2 1 school of computer science and engineering, university of electronic science and technology of china, chengdu 611731, china; mingliu.uestc@gmail (m.l.); 201511060118@std.uestc (h.h.) **use of agent-based service discovery for resource ...** - in this work, an agent-based service discovery model for resource management in metacomputing environment is introduced to address above challenges. an agent is a local computing resource manager equipped with pace functions. these homogeneous agents are organised into a hierarchy, which can be used to address the problem of the scalability. **tutorial on agent-based modeling and simulation** - agent-based simulation relates characteristics of the observed behavior with network architecture first build an agent-based network that can reproduce some of the key properties of the chemotaxis network validate model by comparing results of numerical simulations with lab data **minimizing message exchanges in agent based cloud service ...** - in agent-based cloud service composition, the real challenge is to assemble a single unified service dynamically from multiple cloud service providers [7]. hence, it is imperative that cloud service providers cooperate and harness each other's service capabilities to meet the demands of varying consumer requests. **towards agent-based service composition through negotiation ...** - 2 towards agent-based service composition of which can focus on one core business (such as the recent move by hewlett packard to separate it's test and measurement business from its computing business, creating a new company, agilent, from the former.) in other cases, it can mean outsourcing more and **implementing agent-based web services** - implementing agent-based web services jonathan dale fujitsu laboratories of america 595 lawrence expressway ... realize and advance the potential of agent-based applications by constructing an open, distributed network of platforms hosting ... organiser (eo) is an agent-based web service which helps the user to plan an evening, composing ... **an agent-based service oriented architecture - unige** - supporting an agent-based soa. the peculiar characteristic and strength of our research work is the integration of the agent technology with other strategic technologies, that is web services, workflow, rule engine and semantic web. index terms — multi-agent systems, service oriented architecture, workflow, ontology, rule engine, trust ... **a primer for agent-based simulation and modeling in ...** - authors briefly introduce several agent-based simulation software toolkits. these toolkits have the standardized modules, processes, libraries, and programming language that could be used conveniently to develop an agent-based model. in chapter 4, the authors discuss agent-based behavioral models that have been **agent-based modeling: methods and techniques for ...** - agent-based modeling is a powerful simulation modeling tech-nique that has seen a number of applications in the last few years, including applications to real-world business problems. after the basic principles of agent-based simulation are briefly introduced, its four areas of application are discussed by using real-world **an agent-based framework for automated testing of web ...** - in this paper, an agent-based framework is presented for testing web-based systems and a prototype of this framework is developed. the main design goals have been to develop an effective and flexible system that un-like most of the existing test frameworks is capable of supporting different types of test with as much test auto-mation as possible. **from system dynamics to agent based modeling - citeseerx** - present agent based modeling not as a substitution to older modeling paradigms but as a useful add-on that can be efficiently combined with system dynamics and discrete event modeling. several multi-paradigm model architectures are suggested. keywords: multi-paradigm modeling, agent based modeling, system dynamics, anylogic 1. **agent vs agentless backup - acronis** - agent vs agentless backup: why it matters virtualization best practice series | volume 1 agent-based backup is a proven technique for safeguarding physical servers. administrators appreciate its speed, consistency, and ease of administration when performing image-based backups for bare-metal server recovery or non-image-based backup for file ... **special agent entrance exam preparation guide** - performance in the special agent position. it is a computer-based exam, consisting of ... valid conclusion: a few secret service special agents may or may not be from alaska. "if-then" statements ... special agent entrance exam preparation guide **agent-based distributed collaborative monitoring and ...** - agent-based distributed maintenance 131 appropriately modeled as multi-agent systems and suitable negotiation protocols are adopted, such agent-based systems may yield a global performance which is flexible, robust, adaptive, and fault tolerant. a comprehensive survey of agent based **an agent-based service oriented architecture for risk mining** - therefore, in this thesis we present an agent-based service-oriented risk mining architecture (absorm), which has been designed to facilitate the development of agent mining systems to address the above issues. this thesis focuses on developing the following strategies: • the integration of agent technology with web service. **download an agent based approach for coordinated multi ...** - an agent based approach for coordinated multi provider service provisioning. there are a lot of books, literatures, user manuals, and guidebooks that are related to an agent based approach for coordinated multi provider service provisioning such as: a midsummer night dream study guide answers, downloadable motorcycle manuals , acer a210 user manual **hpe agentless management and the transition from os based ...** - in this traditional model, agent management software

runs on the os. this os -based agent software plugs into the appropriate service to provide snmp, wmi, or wbem capabilities in the os. the software collects server -specific, os-specific, and industry-standard data. the agent **mobile agent based advanced service architecture for h.323 ...** - mobile agent based advanced service architecture for h.323 internet protocol telephony by jingrong tang, b.eng. a thesis submitted to the faculty of graduate studies and research in partial fulfillment of the requirements for the degree of master of electrical engineering ottawa-carleton institute for electrical and computer engineering **agent-based methods for transportation network optimization** - agent-based methods for transportation network optimization doe arpa- e workshop in san francisco, ca. ... level-of-service comparison. freeways. freeways + arterials. average difference. 11% (24 stations) 15% (62 stations) traffic count comparison. travel time comparison. am peak. pm peak. **an agent-based model of exurban land development** - an agent-based model of exurban land development abstract: in contrast to urban areas that are aptly characterized by a large population base and scarce land supply, exurban regions have limited households and plentiful land. this basic **in-time agent-based vehicle routing with a stochastic ...** - in-time agent-based vehicle routing with a stochastic improvement heuristic robert kohout and kutluhan erol intelligent automation, inc 2 research place rockville, md. 20850 {kohout,kutluhan}@i-a-i abstract vehicle routing problems (vrp's) involve assigning a fleet of limited capacity service vehicles to service a set of customers. **security agent based distributed authorization : an approach** - involved in the design of a distributed authorization service. section 3 outlines the agent environment and describes the security agent based authorization system. it describes the security management elements in the agent based architecture and defines the structure of the security agents. section 4 considers the **agent-based semantic web services - pku** - based service description language (such as the web services de-scription language or wsdl [6], for example), so that the description includes an rdf expression that characterises the service. alternatively, we could choose to build on a service description language which is itself written in rdf or daml+oil, such as the **an agent-based knowledge management framework** - an agent-based knowledge management framework martin s. lacher and michael koch ... based on the so. the awareness agent analyzes the user's ... pump agent. the knowledge pump agent autonomously requests information relevant to the user from the service agency. the knowledge pump agent migrates to the avail- **an agent-based model of information diffusion** - twitter data. a directed edge from agent i to agent j denotes that agent j ^follows_ agent i on twitter. the spread of information through the network. the agent-based bass model is a discrete-time model in which each agent has one of two states at each time step t: (1) unaware or (2) aware. at the **service-oriented and agent-based architecture supporting ...** - service-oriented and agent-based architecture supporting adaptable context-aware provision of mobile e-learning services s. stoyanov1, i. ganchev2, d. mitev1, v. valkanov1, m. o'droma2 1faculty ... **agent-based simulation of a multi-queue emergency services ...** - agent-based simulation of a multi-queue emergency services call centre to evaluate resource allocation bruce g. lewis1;2, ric d. herbert1, peter f. summons1, and william j. chivers1 1faculty of science and information technology, the university of newcastle, ourimbah, nsw 2259, australia. **modeling and simulation of container terminal logistics ...** - 2.2 agent-based modeling and simulation for ctls agent and agent-based computing provide a new and often more appropriate paradigm for the development of complex systems in open and dynamic environments, especially multi-agent system (mas), **evaluation of advertising effectiveness using agent-based ...** - evaluation of advertising effectiveness using agent-based modeling and simulation junwei cao department of computer science university of warwick coventry, cv4 7al, uk junwei@dcs.warwick abstract advertising is a common commercial activity. the evaluation of advertising effectiveness **an agent-based approach to modeling yard cranes at seaport ...** - cranes' availability and service strategy affect truck turn time. this study introduces an agent-based approach to model yard cranes for the analysis of truck turn time with respect to . it is accomplished by service strategy modeling the cranes as utility-maximizing agents. this study has identified a set of utility functions that properly **download artificial economics agent based methods in ...** - economics agent based methods in finance game theory and their applications lecture notes in economics and mathematical systems such as: ryerson physics lab manual , chapter 20 wiring standard practices, skoda felicia haynes manual , mazda 2011 cx9 owners manual , owners **performance prediction technology for agent-based resource ...** - an agent-based methodology has been developed for the management of large-scale distributed systems with highly dynamic behaviours [6]. the system consists of a hierarchy of homogenous agents where each agent can be considered both a service provider and a service requestor. multiple homogeneous agents are organised **building agent-based models of seaport container terminals** - cite as: building agent-based models of seaport container terminals, josémdalandnathanhuynh,proc. of 6th workshop on agents in tra c and transportation, kluegl, ossowski, chaib-draa and bazzan (eds.), may, 11, 2010, toronto, canada agent-based models have been often used to analyze auto-mobile and air tra c. in this paper we continue that ... **agent orange-related claims trainee handouts** - agent orange-related claims prerequisite training prior to this training, you must have completed all previous trip lessons. purpose of lesson the purpose of this lesson is to teach you the complexities of claims for service connection for disabilities alleged to be the result of exposure to agent orange, and ways that you can best assist your **download industry and labor dynamics the agent based ...** - industry and labor dynamics the agent based

computational economics approach proceedings of the wildace 2003 workshop torino italy 3 4 october 2003 ... output- and outcome-based service delivery and commercial ... output- and outcome-based service delivery and commercial models 7 • the absence of effective mechanisms (e.g., price per unit of ... **distributed hybrid agent-based discrete event emergency** ... - distributed hybrid agent-based discrete event emergency medical services simulation . anastasia anagnostou athar nouman simon j.e. taylor department of information systems, computing and mathematics brunel university uxbridge, middlesex ub8 3ph, uk . abstract **best practices in monitoring/coaching agent calls** - agent self-assessment • the agent is scheduled for a period of time each week (one hour) to evaluate his or her own calls and select a portion to forward for formal evaluation. • the agent listens to each call with an ear toward quality service and caller satisfaction (to create the mindset that **securing agent-based e-banking services - researchgate** - securing agent-based e-banking services juan jim tan, leonid titkov, stefan poslad department of electronic engineering, queen mary, university of london, **a systems approach to healthcare: agent-based modeling** ... - a systems approach to healthcare: agent-based modeling, community mental health, and population well-being abstract purpose explore whether agent-based modeling and simulation can help healthcare administrators discover interventions that increase population wellness and quality of care while, simultaneously, decreasing costs. **agent-based modeling and simulation workshop 2010** - 1. agent-based simulation and modeling: identification of breakthrough research for highway transportation 2 2. computer simulation for transportation studies—a brief history 3 3. overview and development of agent-based modeling and simulation 4 4. agent-based modeling with repast simphony including a consumer products modeling example 6 5. **deep security as a service - trend micro internet security** - deep security as a service provides a single platform for server security to protect physical, virtual, and cloud ... it is an agent-based solution that can all be managed through a single console across physical, virtual, and cloud server deployments. this guide is intended to help users get the best productivity out of the product. it ... **navy and coast guard ships associated with service in ...** - the presumption of agent orange herbicide exposure based on operations of the veteran's ship. according to 38 cfr § 3.307(a)(6)(iii), eligibility for the presumption of agent orange exposure requires that a veteran's military service involved "duty or visitation in the republic of vietnam" between january 9, 1962 and may 7, 1975. **agent-based service composition through simultaneous** ... - agent-based service composition through simultaneous negotiation in forward and reverse auctions chris preist hp labs filton rd, stoke gifford bristol, bs32 8qz united kingdom chriseist@hp claudio bartolini hp labs 1501 page mill rd mailstop 1u-1140 palo alto, ca 94304-1140 united states claudiortolini@hp andrew byde hp labs ... **agent-based simulation of electricity markets: asurveyoftools** - agent-based simulation of electricity markets: asurveyoftools ... monitors the operations of an electric power system in its service territory. it is formed at the direction and recommendation of the ferc. it is possible to have one iso monitoring a single state, for example, the new york independent system operator (nyiso), or one ... **multi-agent test environment for bpel-based web service** ... - multi-agent test environment for bpel-based web service composition wenli dong institute of software, chinese academy of science beijing, china wenli@iscas abstract*—the distributed structure of agents makes the test for large and complex web service composition possible. this paper discusses how to develop the multi-agent test ... **agent-based modeling and simulation of depression and its** ... - agent-based modeling and simulation of depression and its impact on students' success and academic retention abstract in the u.s., major depressive disorder affects approximately 14.8 million american adults. **an agent-based cockpit task management system** - an agent-based cockpit task management system the objectives of this research were to develop and evaluate an agent-based program to facilitate cockpit task management (ctm) in commercial transport airall during the course of this research we refined the concept of ctm and renamed it agenda management (amgt). we developed an agent-based program
